

# Unlock The Potential of Students in English Language

## About Wheebox & World English Olympiad

Wheebox is a leading online talent assessment firm headquartered in India and spread across 5 countries globally. Wheebox ranks in Top 10 EdTech Assessment Vendors globally that partner with leading Corporations and Educational Institutions for benchmarking talent using validated, reliable and standardized assessments for learning and hiring needs.

**Wheebox - World English Olympiad** helps students analyze their strengths and areas of improvement based on well planned, nation-wide English Language Assessment. This assessment provides an absolute benchmark of students' knowledge and motivates them towards academic improvement. WWEO is designed to assess the overall English Competency of the students from **Class 1 - 8**.

## How Wheebox - World English Olympiad Differs From Other Olympiads?

- Wheebox - World English Olympiad is conducted online, making it accessible from school and home.
- Wheebox - World English Olympiad is based on Blooms Taxonomy methodology.
- It has been designed and structured in an adaptive assessment mode, which provides very detailed insights for students on their exact level of achievement and teachers can identify each student's level of understanding the language.
- Students can participate through their schools or individually register through our website, if their school is not an active participant with Wheebox.
- Student has the liberty to take the assessments online from anywhere with our advanced, secure & proctored environment.

## How To Participate?

## OBJECTIVES

- Wheebox - World English Olympiad aims to challenge a student's intellect in such a way that it promotes a deeper understanding of English Language & provides an exposure at the National Level.
- To measure "proficiency" rather than "achievement" which allows individual schools or students to benchmark where they stand, their strengths and improvement area, and how to progress.
- To conduct the olympiad test using online adaptive tool that presents the next question based on the response of the previous question to assess the knowledge level of students in English language.
- To democratize the olympiad test where a student can take the test from anywhere with our secure & proctored environment that enables not only the schools but also the parents to enroll their children online.
